

'PLAY THE BEST'

SCORESHEET
SPORTS

As in all *Scoresheet* games, we've done our best to design a complete scoring system.

Shooting	2.0	2-point FG	3.0	3-point FG	-0.6	FG Attempt (grd)
	1.0	Free Throw	-0.5	FT Attempt	-0.63	FG Attempt (frwd)
					-0.66	FG Attempt (cntr)
Rebounding	0.7	Rebound				
Play-Making	0.75	Assist	-1.0	Turnover		
Defense	1.5	Steal	1.0	Block	-0.5	Personal Foul

This table shows that your players earn '*points*' for more than just filling the hoop.

Because shot attempts cost your players '*Scoresheet points*', higher shooting percentages are rewarded (just as in the NBA it is better to shoot 50% than 40%.) You'll even be able to decide if you want to mix in a 3 guard set, or play a third forward instead of a center for part of the game. **No other fantasy game plays at this level!**
