

# Scoresheet Fantasy Football Kicks Off 23rd Season

Scoresheet Football, the most realistic fantasy football game available, ready for another fun filled season of gridiron glory.

**(I-Newswire) Grass Valley, August 18, 2011** - Scoresheet Fantasy Football, a favorite among fantasy fans throughout the US and Canada, is on board for its 23rd season of realistic fantasy football fun.

Unlike other fantasy football games, Scoresheet's scoring system offers unparalleled realism. Instead of just tallying points for touchdowns and yards gained, Scoresheet's is a unique fantasy game which reflects virtually everything that happens on the field.

Our formulas are designed to reflect a player's real football value, and are derived from established mathematical models of football. For instance, in Scoresheet Fantasy Football, a running back who gains 100 yards on just 20 carries will earn more points than one who gains 110 yards on 30 carries. And unlike other fantasy football games, in Scoresheet Fantasy Football individual defensive players are drafted and do score points. To add to the realism, we also take away points for incomplete passes and interceptions.

"We are sure that if you enjoy following the NFL, you'll love Scoresheet Fantasy Football," says owner and co-founder Jeff Barton.

Join alone and we will place you in a league with other individual owners, giving you a chance to compete against some of football's biggest fans. Or join with friends, and you can talk trades and assert bragging rights whenever you get together. If you know enough fellow fans to form a complete league, you can hold your own draft - the best party of the year!

Personalized trophies are awarded to all league winners. The one full league winner with the highest overall total throughout all of Scoresheet Fantasy Football will also win free memberships in all 3 Scoresheet Fantasy Sports: football, baseball and hockey.

We also give \$100 cash each week to the one team with that week's highest point total from all of Scoresheet, and \$50 to the team with the second highest total in all of Scoresheet. (For fairness, cash prizes apply only to teams in 12-team leagues.)

New Scoresheet Fantasy Football players can join a league for just \$29. Join in the fun and experience fantasy football the way it should be!

## **About Scoresheet Fantasy Sports:**

Scoresheet Fantasy Sports launched in 1987 with its hallmark fantasy baseball sim and quickly acquired a devoted following. Scoresheet Fantasy Football launched in 1989, followed by Scoresheet Fantasy Hockey and a winter baseball game using players from past seasons. Players can join alone or with a group in either single season or keeper leagues. Scoresheet has a league for every fantasy sports fan.
